The Humidour Family Pages...

Finnie's Dad

As you probably have noticed, Jim has been spending More time in the shoppe balancing his real-estate work and the operation of the shoppe. He can be seen every time Finnie takes off to spend time with her boyfriend in Cherry Hill, New Jersey. He is also taking the 3:00 am shift feeding the newly arrived twins.

Mama P

Was hopping around for a while because she injured her knee playing basketball with the grandchildren. Now she is sleeping less to help out with the twins. It seems it will be a while, because of her busy schedule, before we are able to get her famous cookies and Greek sweets back in the shoppe.

Dean, Laura, Jacob

They are traveling whenever they can and actively participating with Jake's Boy Scout Troop. Dean is also investigating the various new computer systems for the shoppe to better and faster serve our customers.

Ben, Andrea, Dimitri, Yianni, Alecsander, Nicholas, and Madeline

Ben has relocated his new family from Hampstead to Timonium. He made quite an arrival at his new home by building a beach in his backyard with a large Tiki bar that he was able to acquire from Drew estate at the recent convention in Tampa.

Tony, Doreen, Marilyn, Stevie, Trina, Demi

Yes, their family has doubled. We are happy to announce the birth of twin girls on Thursday, September 28. Tony is still working very long hours at Barron's in Lexington Market and his catering business. Doreen does not get much rest between the twins and the building of their new house in Hunt Valley. Marilyn and Stevie are attending Ashland Presbyterian School for kindergarten and pre-school.

Mike and Krissa

finally tied the knot on August 26. they are happy newlyweds living out in Northern Baltimore County in their newly acquired log home. Maybe when Mike clears the land we can have a shoppe event there.

Finnie

Many of you have been asking, "Where is she now?" There is no doubt that love is in the air and our lovely girl is spending what time she can with her favorite "Chris". It just so happens that this match was made at the tobacco convention in San Antonio, Texas over a year ago. Chris manages a tobacco shop in Cherry Hill, New Jersey. "The smoke has not cleared yet."

Angie

She is playing the role of Nanny for three children, three days a week, who are friends of our family. The rest of the time she is exploring her options. We are still trying to get her to help out at the shoppe once in a while.

Don't forget our new hours:
